THE INTENSIVE

"In the end, there is one response that our orgasm understands and that is surrender."

–Nicole Daedone

You Have Already Begun

Welcome. If you are reading this, you have already begun the journey, and you are ready. There is something inside, the part of you that desires lasting TurnOn, fulfillment and transformation that has led you here. You are invited – for 6 days and 5 nights to set aside your tethers to the outside world and its demands and reset your senses. Connect to your true desires and power and create a new foundation for your new life. From the moment you say "yes" and throughout your entire program every detail of your course is embued with the guiding principles of "simple, nothing extra" and everything in right timing.

Welcome to The Intensive

Our highest-level offering, the Intensive Program is a curated experience designed to evoke the most enjoyable and potent growth possible. Based on the principles and practice of Orgasmic Meditation, the Intensive is for those desiring to undo years or even decades of habitual behavior and patterns. It's a deep and thorough shift in your view of life to be more oriented towards enjoyment, connection, truth and unconditional love. The program includes a pre-immersion curriculum that lays the foundation for practice and excavation and the on-site Immersion on The Land that is a full immersion that includes, daily practice, coaching circles with senior coaches, selfless service, time in nature, movement, and small classroom settings with masterful teachers. It is a staff favorite and a life-changing milestone.

We host some of the world's most renowned teachers, each with incredible skill and precision in their crafts. Our teachers are chosen because they know that the only thing that matters is connection – be it singer, speaker, teacher, healer, minister, or artist.
