## *Every Part of You is Welcome*

---

Consider this...you are Perfect just as you are. There is nothing about you missing, less than or broken in any way.

The Healing Intensive begins with “you are perfect” and nothing needs to change. From there we create the conditions for you to to slow down, to feel, to be with what “is.” This Intensive is designed to restore all the places within you that have felt hurt, ashamed, abandoned, marginalized, neglected. Whether you have had experiences of addiction, trauma, relationship issues or unclear purpose. We believe that every experience serves as a gateway to your greatest power. The Healing Intensive includes:

- One-on-one time with our experienced coaches
- Sessions with leading therapists and specialists
- Guided tools and practices for working with the mind, emotions and cultivating your inner life.
- There is also an option to stay on The Land at our Restoration House after the Intensive.
