## **WE BELIEVE**

We believe business functions on inspiration rather than desperation.

We believe desire is our compass.

We believe practice trumps theory.

We believe connection is the highest form of currency.

We believe pleasure is good. Enjoyment is better.

We believe people should connect first, then create.

We believe in attention not pressure.

We believe the get off is in the now, not the was or will be. Do it now.

We live full.
